AQUARIGHT C 01 LCR (Coil Cleaner)

DESCRIPTION AND USE

AQUARIGHT C 01 LCR is a non-alkaline liquid solvent primarily for use where heat is not available. It is used for cleaning fan coils, plant and machinery parts, for removal of oil, sludge and greasy deposits including oil-bound carbonaceous deposits.

GENERAL SPECIFICATION

Appearance : Yellowish
Specific gravity : 1.24
pH is supplied : 12.5

TREATMENT AND DOSAGE REQUIREMENTS

AQUARIGHT C 01 LCR is used at full strength where the deposits have become hardened or carbonized. Where the deposits consists of loose oil or sludge AQUARIGHT C 01 LCR can be diluted up to four times using clean water.

The item to be cleaned should be allowed to soak for a few hours and then the solvent should be circulated using an independent pump or agitated using compressed air. After treatment, the solvent should be removed and the plant thoroughly flushed using water. The duration of immersion will depend on the efficiency of circulation or agitation.

On completion of the clean AQUARIGHT C 01 LCR can be reclaimed and re-used by allowing the sludge or grease to settle out.

SAFETY

AQUARIGHT C 01 LCR is inflammable and non toxic. But the presence of means of ignition should be prohibited and the working area should be well ventilated. Goggles, gloves and protective clothing should be won. Splashes in the eye on skin should be irrigated using clean, cold water.

BENEFITS

AQUARIGHT C 01 LCR is available in containers as follows.

25 liter/pail

200 liter/drum
