## PRODUCT DATA

**ZEFATECH® AS 072**  
Penetrating Oil

**DESCRIPTION** ZEFATECH®AS 072 is a superior penetrating solvent and lubricant, specifically formulated to free rusted bolts and nuts in seconds.

ZEFATECH®AS 072 leaves behind a thin film of corrosion inhibitors to prevent future corrosion.

ZEFATECH®AS 072 is excellent for freeing and removal of build up deposits in bolts nuts, shackles, hinges, speedometers, and battery terminals, etc.

<b>PROPERTIES</b>	Appearance & Odor	: Transparent liquid with Mineral oil odor
	Type	: Penetrating and cleaning oil
	Specific Gravity	: 0.90
	Flash Point	: Minimum 50°C
	Pour Point	: Minimum 52°C
	Corrosion	: NIC
	Solubility in Water	: Insoluble
	Composition	: Super high potency penetrants and Highly refined mineral oil

**BENEFITS** Capillary action facilitates the freeing of frozen parts at all angles set. High penetrate actions, work on second to eliminate time and hard work, ZEFATECH®AS 072 carry deeper wetting agents to eliminate pre cleaning of corrosion or grease. Saves seized parts from breakages, ZEFATECH®AS 072 penetrating blend of lubricants quickly frees frozen parts, parts are recovered in re-useable condition. Prevent future corrosion, leaves behind a thin film of corrosion inhibitors to prevent future corrosion.

**PACKAGING** : 450 ml Aerosol Can, 12 Cans per Carton Box  
Also available in Bulk 20 Litres per Pail
